# Cocoa

**Carob**  
370 grs.

Tradicional Portuguese Gourmet

The Cocoa Carob has a significant difference from the cacao (chocolate) concerning the level of sugar and fat.

While cacao (cocoa) has up to 23% fat, 5% sugar, cocoa carob has 0.7% fat and a high natural sugar content, about 38 to 45%.

The Cocoa Carob contains no gluten and has very high antioxidant potential, similar to olive oil and more than wine.
