

A SOUVENIR TO REMEMBER

Portugal is a country of love and traditions, in our designs you will find the true history of our country and the feeling that you can truly take a piece of Portugal home with you.

Let us present our family, from the sunny Algarve we have Freedy the Chameleon, he was our brand first baby

After Freedy we went to Lisbon, the heart of Portugal, and the crow Malaquias came to life

We were very happy but there was still more space in our hearth to love so we decided to grow our family and the peaceful sheep Mel joined us in our beautiful home

TAKE ALGARVE HOME

It was from this land that the Portuguese set sail in search of new worlds and it is in Algarve that we welcome most of the people that come and visit us, always with a smile on our face. Here, the enchantments and secrets of the history of Portugal come together with some of the most beautiful and charming beaches of the world. Algarve is without a doubt the most famous secret of Europe.
